Celebrating Home a part of *Extreme Makeover: Home Edition*

Celebrating Home of Marshall, Texas, participates in "Extreme" build for Kemah, Texas, family whose home became unlivable due to Hurricane Ike.

MARSHALL, Texas (Grassroots Newswire) – Celebrating Home – Celebrating Home, headquartered in Marshall, Texas, is a family owned company whose mission lies in "Bringing Families Together" through creating a beautiful and enlivening home environment. As an official corporate sponsor and along with local Celebrating Home Designers, the company proudly participated in the *Extreme Makeover: Home Edition* build for brethren Texans Larry and Melissa Beach and their 13 children. The company donated over \$1,000 in signature Celebrating Home Veranda stoneware pieces for the kitchen area of the Beach's new home in Kemah, "revealed" January 14, 2010.

The Beach's "Extreme" home was specially designed by Texas City-based Blu Shields Construction to fit the needs of this unique family, which are many. In 23 years of marriage, Larry, 40 and Melissa, 40, have fostered over 85 children whom other adoption agencies were not able to place. They have four biological children and nine adopted children. They include Chris (23), Michael (21), Jose (20), Mikala (18), Paul (14), Faith (13), Hope (9), Justin (8), Jacob (4), Grace (4), Jeremiah (23 months), Mercy (22 months) and Cody (19), who is currently serving in the Marine Corps in Afghanistan. During the last 12 years, they have fostered approximately 85 children but decided to start adopting after seeing that so many were not being placed in homes.

Due to water damage from Hurricane Ike, which ravaged the Galveston area in September 2008, the Beach family's home had become unlivable, and they were residing in a travel trailer on their property. Therefore, they have been unable to adopt additional children. With their new "Extreme" home, this may soon change.

Extreme Makeover: Home Edition, hosted by Ty Pennington, is a reality television series providing home renovations for deserving families. Each episode features a family who has faced some sort of recent or ongoing hardship. The show's producers coordinate with a local construction contractor who then coordinates with various companies in the building trades for a makeover of the family's home. If the house is beyond repair, they replace it entirely just as they did for the Beach family. The materials and labor are donated. Blu Shields Construction was the designated builder for the Beach home. Blu Shields Construction is a division of Energy Solution Homes and is proudly made up of all family members. Their company's mission is "to help our fellow man."

***Extreme Makeover: Home Edition* airs Sundays at 8/7 p.m. central on ABC.**
